an outage for Call of Duty on Tuesday: January 2, 2024. With a duration of about 1 hour, the outage affected players across all platforms. The outage was caused by a server issue on the PlayStation 4 and PlayStation 5 versions of the game. The issue was resolved by the developers, and the game is now available for play. The outage was a significant inconvenience for players, but the developers have apologized and promised to take steps to prevent such issues from happening again.
