&lt;p&gt;&lt;/p&gt;&lt;p&gt;Football corners predictions is one of the fairly ne w tips offered by tipsters and by us. Some say it&#39;s luck &#127752; predicti ng corners in a football game, but we at AFootballReport find in corners very pr ofitable markets especially in live events &#127752; when odds go very high as the game evolves.So how do we predict corners? Of course as any other football &#127752; prediction and corners are related to a number of pre-match and team f actors. First of all we should see the &#127752; type of game we&#39;re looking for or the type of game we want to predict. Is it a game with &#127752; a stro ng favorite or just two equally strengthen teams that play. If it&#39;s a game w ith a strong favorite probably &#127752; we should pay attention to the corners race predictions as strong favorites always keep the ball in possession more th an &#127752; the other teams and create more chances as they push forward almos t during the whole game. Keep in mind in &#127752; live events that if the scor e is in favor of the favorite team then this team would not be so &#127752; mot ivated to create chances and would probably win less corners than in a draw even t or from behind.&lt;/p&gt;  
&lt;p&gt;Second thing we &#127752; should use when making our corners tips is t o see the teams lineups and tactic for the upcoming game. Target &#127752; tea ms with more offensive tactics and teams that use wingers heavily in their attac ks. For example, some good wingers for &#127752; the home team could easily pro duce more than 10-20 crosses in the penalty area which very often defenders clea r in &#127752; corners.&lt;/p&gt;  
&lt;p&gt;Corners in the late stage of the game are more likely to happen than in the early minutes. Usually teams &#127752; are very careful in the opening min utes of a football game and they try to enter the game more passively &#127752; than aggressively. As the game continues depending on whether a team is losing or winning the game is leading to &#127752; pushing forward and sending more pl ayers to attack or defend. This leads to significantly increasing the number of corners in &#127752; the last minutes and that is what we want when predicting
