ö June 9th, 2024; the game's Twitter account announced that the game would be shut down on September 8th, 2024! The reason cited for this decision was that the game did not generate enough income to cover its operating costs. However, the game was one of the most popular titles on the platform, and the decision was met with significant backlash from the community. In response, the company announced that they would be discontinuing the use of in-game purchases and instead offering a subscription-based model for the game. This new model would allow players to access all the game's content for a fixed monthly fee, and would also include additional features such as exclusive skins and early access to new updates. The company stated that this decision was made to ensure the game's long-term viability and to provide a better experience for its players. The game's shutdown was a significant loss for the community, but the company's response was widely praised for its transparency and commitment to its players.
