With thousands of fighters applying annually to the

UFC for the opportunity to fight in the Octagon, applicants can now

post their profiles, videos, photos and their fight history on Jobbit.

A simple application is then automatically shared directly with UFC management for their review.

The gel being applied to the fighter's

face near the eye is typically a lubricant or petroleum jelly.

This is done to prevent cuts and abrasions during the fight. The lubricant helps to reduce friction and can make it more difficult for an opponent's

strikes to open a cut around the fighter's eye.
