Story

The game takes place during World War II and its story is divided into

three separate campaigns: Soviet, British, and American each focusing

on different historical events. Soviets start their campaign during the Battle

of Moscow and have to defend the city, while the British start in

North Africa and are tasked with a sneak attack on Afrika Korps troops.

American campaign, on the other hand, begins during the famous D-Day and takes

the player through other important events, including the ones revolving

around the Hill 400.

Gameplay

Call of Duty 2 game is a first-person shooter, meaning you will spend

most of your time running from point to point in order to complete your

objectives, killing enemy soldiers in the process. It's important to

note that you are not the chosen one, and you will easily die if you are

not aware if you want to succeed, you have to cooperate with other soldiers,

who can draw enemy fire or lay down covers for you.

The game features a variety of historically-accurate weapons from the WWII

era. Defeated enemies drop their weapons you can pick them up and use,

but you can only wield two firearms at any given time. Combined with

limited ammo, you are encouraged to make use of everything you can find.

Defeating groups of enemies can be done with frag grenades, while smoke

grenades provide tactical cover.
