Shutdown operation can help clear the c
ache, memory and other resources of the NAS system and applications to avoid uns
table or malfunctioning applications. At the same time, shutting do
wn the system also ensures that the NAS hardware is rested and reduces the chanc
e of hardware failure. Do I need to shut down the ASUSTOR NAS?

asustor : knowledge : detail
Heavy use of a N
AS system can cause significant network congestion and lower transfer speed.
Scalability: NAS devices are not easily scalable due to the limitation
s of the hardware. Quotas: System admins must enforce user quotas to prevent ove
rutilization of shared space.
