If you're an admin of this channel. First of all, you can do it manually by opening the channel

and scrolling through the member list to look for any users with a "bot" label, next

to the "bots" section. The simple answer is no, as you probably expected. A very few games (like Half Life Alyx) have been modded

to allow play without a headset but they are clunky, rare and still require a capable PC, which it doesn't sound like you have. If you desperately need VR

that in your life, you'll need a headset. Anyway i can play VR games without a headset? - Meta Community Forums
