Unfortunatly, Modern Warfare 2 is quite chonky as Warzone, and you'll need 125GB of space free on your solid state drive or hard drive.

Then a further 100-plus GB can be expected once the full game is downloaded in full. Those that have got their hands on the new Call of Duty early have reported that you will need about 172GB for PC and a whopping 240GB on PlayStation 5. Essentially, expect more than 200GB for all consoles. MW3 is almost here.
