h retailers that still carry Xbox 360 games. The online multiplayer aspect might still be functional, enabling players to connect and play. However, the lack of official support and the age of the console may lead to compatibility issues with newer games and online play. It's worth noting that the Xbox 360 is still a popular choice for retro gaming and emulation. For those looking to purchase a used Xbox 360, it's important to check the condition of the console and the availability of games. El 14 de enero, el América-MG derrotó al Capital-DF por 2-0 en Porto Feliz, una victoria que tuvo lugar en el segundo tiempo con un jugador adicional. Esta victoria permitió al América-MG clasificarse para la fase de octavos. Derrota ante el Coruja por 2-0. A pesar de su fuerza, el América-MG sufrió una derrota por 2-0 frente al Coruja el 16 de enero, en el Estadio Ernesto Rocco.

Running a VM on a NAS takes a lot of resources so you would need to choose one with good processor and RAM. An alternative (if you want to run a virtualized Linux app) is Docker. Both Qnap and Synology have Docker support which takes very little system resources.

Should I use a separate VM or physical machine as a NAS ... - Quora
