atividade de um cambista consiste em comprar e vender moedas estrangeiras nome de clientes ou empresas, lucrando com a diferença entre o preço de compra e o preço de venda, também conhecida como spread. Além disso, alguns cambistas podem cobrar taxas ou comissões pelos serviços prestados.

O lucro de um cambista pode variar muito dependendo de diversos fatores, como o volume de operações realizadas, o tipo de moedas negociadas, a volatilidade dos mercados cambiais, e a eficiência nas suas operações.

Alguns cambistas podem operar com margens razoavelmente baixas, de alguns poucos pontos percentuais, enquanto outros podem buscar lucros maiores com estratégias mais arriscadas. Além disso, o lucro de um cambista pode ser impactado por eventos geopolíticos ou econômicos que possam influenciar o valor das moedas negociadas.

Em resumo, o lucro de um cambista dependerá de uma combinação de fatores, tais como o volume e tipo de operações, as condições do mercado, e a habilidade do próprio cambista em identificar oportunidades e gerenciar riscos.

Millionária é um dos jogos de azar mais populares do Brasil, e muitas pessoas se curam sobre quais são os dias do sorteio. Uma resposta
