No Brasil, a indústria de máquinas e frutas tem crescido significativamente nos últimos anos. Cada vez mais empreendedores estão investindo neste ramo; mas importante considerar algumas coisas antes se tomar essa decisão!

Mercado consumidor

No Brasil, o consumo de sucos e bebidas baseadas em frutas é muito popular. De acordo com o Instituto Brasileiro de Opinião Pública e Estatística (IBOPE), 83% dos brasileiros consomem produtos naturais ou industrializados diariamente! Isso mostra que há um grande potencial para o mercado de frutas.

Investimento inicial

O investimento inicial para uma máquina de frutas pode variar entre R\$ 10.000 a R\$ 50.000, dependendo do tamanho e da marca das máquinas.

Além disso, é importante considerar os custos com manutenção e insumos como fruta e suprimento de limpeza!
