[Kaposi's sarcoma](#) (also known as Kaposi's carcinoma or Kaposi's disease) is a type of cancer that causes patches, nodules, or tumors on the skin. It is named after the Hungarian physician Moritz Kaposi, who first described it in 1872. The disease is caused by the human herpesvirus 8 (HHV-8) and is most common in people with weakened immune systems, such as those with HIV/AIDS. It is also more common in certain ethnic groups, including people of African descent. The disease can affect the skin, internal organs, and lymph nodes. Treatment options include chemotherapy, radiation therapy, and surgery. In some cases, the disease can be fatal.

[Honduras](#) is a country in Central America. It is bordered by Guatemala to the north and west, El Salvador to the west, and the Caribbean Sea to the east. The capital is Tegucigalpa. Honduras is a developing country with a diverse economy. It is known for its natural beauty, including its mountains, rivers, and lakes. The country is also known for its coffee and banana exports.

[Grand Theft Auto: San Andreas](#) is a video game developed by Rockstar North and published by Rockstar Games. It is the third game in the Grand Theft Auto series. The game is set in the fictional state of San Andreas and follows the story of Carl Johnson, a young man who returns to his hometown after being wrongfully imprisoned. The game is known for its open-world gameplay, which allows players to explore the state of San Andreas and complete various missions and side activities. The game was a commercial success, selling over 17 million copies worldwide.
