Crafting includes a variety of art forms, from sculpture and metalwork to knitting and printing. These crafts can all be divided in

to five basic types based on their form and purpose: textile, decorative, paper, functional, and fashion crafts.

The five types of crafts are:

1. Textile: This type of craft involves creating items from fabric, such as quilts, scarves, and

clothing.

2. Paper: This type of craft involves creating items from paper, such as origami, paper

crafts, and paper airplanes.

3. Functional: This type of craft involves creating items that are useful in everyday

life, such as baskets, pottery, and furniture.

4. Fashion: This type of craft involves creating items that are used for fashion, such as

clothing, accessories, and jewelry.

5. Decorative: This type of craft involves creating items that are used for decoration, such

as home decor, wall art, and garden ornaments.

The term "craft" usually relates to a set of practical knowledge about a manual skill, such as

basket making or carpentry.
