Tic-tac-toe is played on a three-by-three grid by two players, who alternately place the marks X and O in one of the nine spaces in the grid.

There is no universally agreed rule as to who plays first, but in this article the convention that X plays first is used.

When you're the first one up, there is a simple strategy on how to win tic tac toe: put your X in any corner.

This move will pretty much send you to the winner's circle every time, so long as your opponent doesn't put their first O in the center box.

This can make it harder to win, but it can happen.
