The AK117 has been in COD Mobile since its launch a

nd remains a top-tier AR choice.

It has a high rate of

fire and excellent damage over range. The AK117 can take out enemies in just 3-4

shots. It does have some recoil, but the proper attachments can control this.

It is

effective in close to mid-range combat and can b

e used in longer-range as well, only if we equip the range attachments

.. To rank this weapon, it has good damage and accuracy, with great weapon mob

ility. It is worth mentioning, the recoil pattern of AK117 is unique.
