Latest Critic Reviews A somewhat droll campaign will greet players of Modern Warfare II. It's a short bombastic romp with some fun gunplay moments and fantastic graphics. The multiplayer, however, is a miss as it is no longer a properly combined entity and the lack of replayability is disappointing.

Should you buy it? You want a solid Call of Duty game with incredible graphics: Modern Warfare 2 is a reliable title that offers up more

multiplayer modes than before as well as a somewhat varied campaign mode.

Playing on a next-gen console or PC will also show off how graphically impressive this game truly is.
