So if something's a supernatural thriller, that

doesn't automatically mean it's a combination of horror and thriller, but it will be something that features characters or the

mes usually associated with fantasy and/or horror genres, and will make them ten

se or thriller-like.

It all boils down to the plot setting. Supernatural is a sub-genre

of fantasy. Animes (Japanese animation), are some of the best exam

ples of using both fantasy and supernatural themes.
