<p>Também so ganharié like to know what the best strategy is for winning in 6+ Hold'em. Are there any specific tips 🌛 or tricks that can give me the upper hand in this game?</p>

<p>Obrigado! Me segue as regras de Short Deck Hold'em, 🌛 mas com algumas condições específicas para when playing at home:</p>

<p>1. Antes Lojas: Many homes are playing without antes, but it's 🌛 exciting to have them to create more action and better gameplay for everyone. have the antes would greatly to create 🌛 better and fair gameplay for everyone.</p>

<p>2. number of players: While usual Short Deck Hold'em Tables come with only 6 seats, 🌛 you can simply play with fewer people or more, changing the design and rotation of the deal and overall dynamic. 🌛 If you deal and separate cards manually, you miss action jettention to deal the boards faster, and each player takes 🌛 all of their hands within a rotating point system. (4 streets/rounds). When the board is set for a round, all 🌛 players remain remaining the m their hand and bet.</p>

<p>3. After community cards are dealt, the last card is revealed and 🌛 from dealer button puts in big blind. Once only family is smaller, someone may say "blind on" when raising, effectively 🌛 increasing big blind and one level from the button. This brings many changes to the usual dynamics or raising blind 🌛 play when playing at such an adjust level while keeping any chips inside Level.</p>
