How much can you earn from Instagram reels? In 2023, the average

views on reels can earn you about R\$4,11 per 1,000 views.

It is important to note that your actual earnings may vary based on

several factors, including the number of views, the engagement rate,

and the type of content you post. To maximize your earnings, focus

on creating high-quality, engaging content that resonates with your

audience. Additionally, consider collaborating with influencers and

brand partners to increase your reach and earnings. For more
