ameplay resembled that of Garena Free Fire. So, when it was removed from the Play Store, there were concerns that it might not comply with Google's Developer Policy.

When Google removed the Game? A Google retire the jogo? The game's Free fire clone.

When Google removed the Game?

A Google retire the jogo? The game's Free fire clone.

Despite this universal truth, MW2 can be a toughie on older PC hardware: even graphics cards listed among the recommended system requirements need quality cuts to get a stable 60fps at 1080p.
