Highly recommended for CoD fans and peo

ple looking for a bit of mindless fun set in WW2. Even though the c

ampaign is extremely predictable and the multiplayer is plagued with tones of is

sues, Call Of Duty: Vanguard is, after all, still a Call of Duty title, and will

appeal to all hardcore Call of Duty fans.

TLDR

The game Call of Duty: Vanguard is being unfairly criticized as a \$70 DLC, but

the reviewer believes it offers significant improvements over previous

games and is worth playing.
